

Come In—We're Open!

Our cleaning season opened on April 11th! We've already had a very successful cleanup season, but it could be even more successful with your help!

We strongly encourage everyone to register at least two weeks prior to your clean-up date to ensure you can receive approval and your supplies in time. Here's a reminder about our process!

Pick-Me-Up Registration: Prior to registration, ensure that you have your group's contact information, date, location and the number of volunteers participating. The easiest way to register is via our registration page on our website, nspickmeup.ca !

Adopt-A-Highway Registrations: If you are a part of the AAH program, you can register your cleanup via our website, nsadoptahighway.ca , or by emailing us your litter permit! If you send it to TIR, just make sure to send it to us as well so we know you're active!

2021: How did we do?

Our impact was huge and we owe it all to you!

2021 Clean-Up Data Totals		Common Reported Items
